

## Weekly Sprint Reports

19.04.16 - 03.05.16

---

### DONE

- Worked on Database [#c72efe0](#)
- Tested it with a temporary web application
- Cleanup and reorder of Git repo [#33ab412](#)

### TODO

- Work on server application
  - Add authentication middleware
  - Database connection
  - First simple api responses
- Add missing infos in the database
- Testing

### CONSIDERATIONS

Due to a lack of time we did not accomplish our goal to start working on the server application during this two week sprint.
